EDICATION

To Our MRS. MADELINE DALTON.
You should know Mrs. Dalton, you'd
like her I know!

Because she's so sweet and understanding,
we all love her so.

She's always ready, whenever you see her,
with her cheerful smile,

Never too tired or too busy to pause
and help us awhile.

We love her soft, smooth voice, each
silver strand against the dark of her hair,

But we feel a little guilty sometimes.

because we know we helped put it there.

Always her kindness and energy and knowledge
she willingly gave us.

And, though we may not show it, we're
mighty grateful to our Mrs. Dalton.

Administration

PRINCIPAL'S MESSAGE

Every individual reading this message has, or will have, at some time in his life the opportunity to make some constructive contribution to the society in which he lives. In order for him to exercise the power of responsibility, he should train himself to recognize the need for his contribution and discover from his own capabilities the means by which he may make it.

This is one among many of the functions of Stuart School and it is my one desire to see the fulfillment of this function in every pupil who has the privilege to attend. Education is no haphazard affair; but one that requires much planning on the part of the pupil, teacher, and other interested individuals. It is also a facet of our life which we should cherish and never be a party to its deterioration. I sincerely hope that we all may realize our need for continuous improvement of our minds so that we may be able to serve our fellowman when called upon.

I wish to take this opportunity to offer to members of the Annual Staff my congratulations for a job well done. The result of your labors is now in evidence and I believe you have much for which to be proud.

Dear Senior Class of '59:

You are now completing your public education and it is in order to extend to you, "Congratulations!" for your perseverance and final achievement.

You are standing on the threshold of a new and exciting life. Commencement is truly the beginning--the beginning of greater accomplishments and greater responsibilities. Some of you will go to college pursuing a higher education to better fit you for life. Others of you will take up your responsibilities in the business world. Wherever you go or whatever vocation you engage in, we hope and pray that the future will be good to each and every one of you. In this connection, you may rest assured that you can depend on us to render the best possible service to you and your community in every way that we know how. Your problems, either insurance or in civic affairs, are of prime interest to us.

Wishing you the best of luck for the future,
we are,

Sincerely
Paris H. Pugh, Owner

COMMENCEMENT

Perhaps you have been thinking of this occasion for some time. Graduation is only the beginning of a brighter future. We hope that it is a "commencement" of greater things to come.

In America we enjoy the world's highest standard of living. If we are to continue to enjoy these benefits, we must have better trained men and women. We need more scientists, more trained engineers, and better qualified people in all walks of life. It's your future---- use it wisely.
